Information for Candidates

1.1 This Ganga Medical centre and Hospital fellowship for the regional anaesthesia is only for the foreign nationals.

1.2 Candidates belonging to developing countries from the Asia and Africa will be given preferences

1.3 Candidates who are willing to pursue WFSA- Ganga regional anaesthesia fellowship should register in the WFSA website and follow the procedures advised from the WFSA

1.4 Candidates who are willing to take the regional anaesthesia fellowship awarded by Ganga hospital should be less than 40 years old, holding a post graduate degree in Anaesthesia, a valid passport, NOC / permission from the parent institute where the candidate is studying / working presently and local license to practice.

1.5 If there are more than 2 eligible candidates for the Ganga regional anaesthesia fellowship, the selection will be based on online interview and the candidate who performed well will be awarded the same

1.6 The selected candidates should get a temporary medical registration from national medical council (NMC) for the period he/she is going to undergo the fellowship training

1.7 The WFSA-Ganga regional anaesthesia fellowship programme is funded by WFSA (Helmier) whereas the Ganga regional anaesthesia fellowship should be sponsored by the parent institute / parent anaesthesia society.

1.8 There is no tuition fee collected from the candidates for both the type of fellowships.

1.9 There will be nominal stipend given to the fellows from our hospital to meet their accommodation and food expenses.

1.10 Candidates are strictly advised to follow the norms and protocol of the hospital; any candidate who found to be not adhering to the hospital policies will lead to dismissal from the fellowship programme.

1.11 All the selected candidates will be rotated in the different OT complexes (orthopedic elective OT, emergency trauma OT, elective trauma OT, pediatric ortho OT and plastic surgery OT) and candidates have to take responsibility to provide the utmost care to patients.

1.12 Logbook should be maintained for the day to day cases done and observed by the candidates.

1.13 There will be an exit exam for the candidates who complete the fellowship course successfully to assess their performance.
